

Make even the most complex meals simple to prepare

This large-capacity oven is specially designed to cook several different dishes at once, taking all the stress out of preparing a meal.

This large-capacity oven is specially designed to cook several different dishes at once, taking all the stress out of preparing a meal.

Product Benefits & Features

Gives you some of the quickest results possible

The ceramic cooking zones on this hob heat far more rapidly than solid hot plates, enabling you to boil water and cook meals even faster.

- Hot hob indicator
- Thermaflow® fan oven
- Top cavity features:
- Main oven features:
- Top heat
- Cooker features:
- Catalytic liners in both ovens
- Interior light in main oven
- Triple glazed doors
- Top oven: A energy rating

The effortless way to clean an oven

You can keep this oven clean with doing hardly any cleaning. Its special catalytic lining absorbs grease before burning it up at high temperatures.

Get twice the cooking capacity with two oven cavities

Let's face it – in the kitchen, you don't always have the luxury of being able to do things one at a time. Luckily, with two oven cavities, you can easily bake and grill simultaneously – getting your meal onto the table much faster.

Everything evenly cooked

Get evenly-cooked meals every time with Zanussi. The built-in fan distributes air around the oven cavity for precise coverage. Everything emerges as it should. No more partly-cooked or overdone bits. Just great food that's always ready for the table.

Let your oven do the cooking with the minute minder feature

Leave the cooking to your oven while you get on with life. This minute minder lets you know as soon as dinner is ready to be served!

Product Specification

Dimensions	894-912x550x600	Tray types included	1 Dripping pan black enamel
Voltage (V)	240	Type of Trays - Bottom Oven	No
Total electricity loading, W	11100	Grids	2 Flat shelf chromed wirework
Required Fuse	30	Grids type - Bottom Oven	1 Flat shelf chromed wirework, 1 Grill pan grid chromed wirework
Cavity Size (L)	77	Runners	Grid Runners
Cavity Size, Second Cavity (L)	39	Runners - Bottom Oven	Grid Runners
Largest Surface area	1330	Gas supply: natural gas	No
Colour	White	Gas replacement	No
Self-Cleaning?	Catalytic	Gas replacement	No
Cleaning Bottom Oven	Catalytic		
Power Management	No		
Energy class	A		
Energy efficiency class	A		
Energy consumption, conventional mode, kWh per cycle	0		
Energy consumption, hot air, kWh/cycle	0.83		
Energy consumption per EU standard cycle	0.75		
Energy consumption, fan forced, kWh/cycle	0		
Right front - Power/Diameter	1200W/145mm		
Right rear - Power/Diameter	1700W/180mm		
Dial	1700W/180mm		
Rear - Power/Diameter	1200W/145mm
