This large-capacity oven is specially designed to cook several different dishes at once, taking all the stress out of preparing a meal.

**Product Benefits & Features**

**Gives you some of the quickest results possible**

The ceramic cooking zones on this hob heat far more rapidly than solid hot plates, enabling you to boil water and cook meals even faster.

- Hot hob indicator
- Thermaflow® fan oven
- Top cavity features:
- Main oven features:
- Top heat
- Cooker features:
- Catalytic liners in both ovens
- Interior light in main oven
- Triple glazed doors
- Top oven: A energy rating

**The effortless way to clean an oven**

You can keep this oven clean with doing hardly any cleaning. Its special catalytic lining absorbs grease before burning it up at high temperatures.

**Get twice the cooking capacity with two oven cavities**

Let's face it – in the kitchen, you don't always have the luxury of being able to do things one at a time. Luckily, with two oven cavities, you can easily bake and grill simultaneously – getting your meal onto the table much faster.

**Everything evenly cooked**

Get evenly-cooked meals every time with Zanussi. The built-in fan distributes air around the oven cavity for precise coverage. Everything emerges as it should. No more partly-cooked or overdone bits. Just great food that's always ready for the table.

**Let your oven do the cooking with the minute minder feature**

Leave the cooking to your oven while you get on with life. This minute minder lets you know as soon as dinner is ready to be served!
