

The self-cleaning oven, with pyrolytic technology

The Series 60 SelfClean oven with pyrolytic technology means you'll never have to scrub the oven again. When the setting is turned on, the door will lock, and high temperatures will be activated, turning cooking residue into ash. Which can be simply wiped away once the oven has cooled.

Product Benefits & Features

No more scrubbing, with pyrolytic cleaning

The oven's pyrolytic cleaning function turns grease into ash. It does this by locking the door and heating the cavity to around 500°C, which is hot and powerful enough to remove any leftover residue. Once finished, and the oven has cooled, the ash can simply be wiped away.

Crispy food made simple with AirFry

The AirFry function with the innovative perforated AirFry tray lets air circulate around your food to evenly heat it from all angles. Removing the need for turning, so you can just enjoy the crunch of perfectly fried food.

Evenly cooked results, on any level

Get perfectly even oven results with Multilevel cooking. An additional heating ring promises even cooking across all three levels. Which is great for cooking more favourite dishes at the same time.

Assisted cooking programs and LED Display make cooking more fun.

Now you can pay more attention to friends and family while you cook. Easy-to-read 2-colour LED display makes it simple to use assisted cooking functions while viewing the time, temperature and progress of your cooking,

Built in grill function

Crisp bacon, sizzle sausages, or finish the cheese on a delicious lasagne, with the grill function. Place your ingredients on a rack near the top of the oven, and expect delicious results.

- Pyrolytic cleaning
- Economy variable grill
- Bottom heat
- Fan Controlled Defrosting
- Retractable Oven controls with LED display
- Oven features:
- Auto safety switch off and child lock
- Chrome grid runners with auto-stop anti-tip shelves
- Fan cooled double glazed door with heat reflective glass
- 'A' energy class

Product Specification

Colour	Black	Energy consumption, hot air, kWh/cycle	0.69
Energy Rating	A+	Power (w)	40
Built-in Dimensions (mm) (HxWxD)	590x560x550	Oven Energy Source	Electrical
Functions	Bottom heat, Conventional/Traditional cooking, Defrost, Frozen foods, Grilling, Moist fan baking, Pizza setting, True fan cooking, Turbo grilling	Product Type	Built-in Electric Oven
Connectivity	No	Noise	45
Total electricity loading, W	3490	Gross weight (kg)	32.7
SteamCategory	No	Net Weight	31.7
Type of timer min.	LUX	Tray types included	1 AirFry tray, 1 Dripping pan grey enamel, 1 Trivet chromed
Cavity Size (L)	72	Main Oven - Shelves Included	2 Wire shelves chromed
Self-Cleaning?	Pyrolytic	Runners	Grid Runners Easy Entry
Dimensions (mm) (HxWxD)	594x594x568	Cord Length (m)	1.6
Oven knob type	Pop in / Pop out flat	Plug or Hardwired	No
Max power grill - Top Oven	2300	Door surface temperature maximum in K - Top Oven	20
Max power oven - Top Oven	3490	Cavity coating	Grey Enamel
Temperature range	30°C - 300°C	Nø of cavities	1
Largest Surface area	1424	PNC	949 498 258
Interior light	1, Back&Side halogen	Bar Code	7332543989249
Energy efficiency index EEI	81.2	Voltage (V)	220-240
Energy consumption, conventional mode, kWh per cycle	0.93	Required Fuse	16
		Frequency (Hz)	50-60
		Colour	Black
		Energy consumption per EU standard cycle	0
